The above project to be developed within the following Work Units:

- WP1 Retrospective data acquisition and preparatory analysis
- WP3 Recruitment and basic sample collection
- WP5 Monitoring sample collection
- WP9 Management, scientific coordination, dissemination and communication
- WP10 Management, scientific coordination, dissemination and communication
- WP11 Management, scientific coordination, dissemination and communication

2. REQUIRED QUALIFICATIONS

- University Degree in Medicine
- Training in the medical specialty of Neurology
- Candidate PhD Medicine in the field of neurosciences
- Good knowledge of English (B2)

3. ADDITIONAL QUALIFICATIONS

- Professional*/research** experience in the field of Neurology
- Additional knowledge English language
- Publications in scientific journals in the field of Neurology
- Announcements at scientific conferences in the field of Neurology
- Seminars – Trainings in the field of Neurology
- Interview

4. QUALIFICATIONS ASSESSMENT

	QUALIFICATION – CRITERION	Credits (Researchers)
1	Bachelor's degree mark	Degree * 40
2	Experience (per month) and up to 84 months	7 (per month)
3a	English language (Excellent C2)	70
3b	English language (Very good C1)	50
4	Publications in scientific journals (per publication) - 6 max	40 (per publication)
5	Announcements at scientific conferences - 6 max	15 (per announcement)
6	Seminars – Training (per hour of training) and up to 300 hours or (per seminar-training) and up to 5 training seminars	0.25 per hour or 15 per seminar
7	Interview	≤ 300

The calculation of scoring points is carried out for those qualifications that refer to the required or considered qualifications-criteria of the call and are objectively relevant to the requirements of the project.

1 person/Medical Graduate/up to 18.400,00€/until 30/04/2029 (extension amount up to 18.500,00€)

1. PROJECT DESCRIPTION (B)

The candidate will contribute to the clinical study of patients with Parkinson's disease aimed at the diagnosis and therapeutic management of patients, as well as regular monitoring of patients with Parkinson's disease, with reassessment and modification of treatment for motor and non-motor symptoms.

The above project to be developed within the following Work Units:

- WP1 Retrospective data acquisition and preparatory analysis
- WP3 Recruitment and basic sample collection
- WP5 Monitoring sample collection
- WP9 Management, scientific coordination, dissemination and communication
- WP10 Management, scientific coordination, dissemination and communication
- WP11 Management, scientific coordination, dissemination and communication

2. REQUIRED QUALIFICATIONS

- University Degree in Medicine
- Training in the medical specialty of Neurology
- Good knowledge of English (B2)

3. ADDITIONAL QUALIFICATIONS

- Postgraduate title studies University Education related with Neurology
- Professional*/research** experience in the field of Neurology
- Additional knowledge English language
- Publications in scientific journals in the field of Neurology
- Announcements at scientific conferences in the field of Neurology
- Seminars – Trainings in the field of Neurology
- Interview

4. QUALIFICATIONS ASSESSMENT

	QUALIFICATION - CRITERION	Credits (Researchers)
1	Degree title studies	Degree * 40
2	Postgraduate title annual at least of study	200
3	Professional*/ Research** experience (per month) and up to 84 months	7 (per month)
4a	Knowledge English language (Excellent C2)	70
4b	Knowledge English language (Very good C1)	50
5	Publications in scientifically periodically (per publication) and up to 6 publications	40 (per publication)
6	Announcements at scientific conferences (per announcement) and up to 6 announcements	15 (per announcement)
7	Seminars – Training (per hour of training) and up to 300 hours or (per seminar-training) and up to 5 training seminars	0.25 per hour or 15 per seminar
8	Interview	≤ 300

The calculation of scoring points is carried out for those qualifications that refer to the required or considered qualifications-criteria of the call and are objectively relevant to the requirements of the project.

1 person/Medical Graduate/up to 18.400,00€/up to the 30/04/2029 (extension amount up to 18.500,00€)

1. PROJECT DESCRIPTION (C)

The candidate will contribute to the diagnostic approach to patients, based on the entire clinical picture, including the patient's motor, mental and emotional state. The assessment may also include an extensive Neuropsychological /Behavioral test. An imaging test with Brain MRI and DAT- Scan scintigraphy will also be performed on a case-by-case basis to verify damage to the melanocortin tract.

The above project to be developed within the following Work Units:

- WP1 Retrospective data acquisition and preparatory analysis
- WP3 Recruitment and basic sample collection
- WP5 Monitoring sample collection
- WP9 Management, scientific coordination, dissemination and communication
- WP10 Management, scientific coordination, dissemination and communication
- WP11 Management, scientific coordination, dissemination and communication

2. REQUIRED QUALIFICATIONS

- University Degree in Medicine
- Training in the medical specialty of Neurology
- Good knowledge of English (B2)

3. ADDITIONAL QUALIFICATIONS

- Professional*/research** experience in the field of Neurology
- Additional knowledge English language
- Announcements at Scientific Conferences in the field of Neurology
- Seminars – training in the field of Medicine
- Interview

4. QUALIFICATIONS ASSESSMENT

	QUALIFICATION - CRITERION	Credits (Researchers)
1	Degree title studies	Degree * 40
2	Professional*/ Research** experience (per month) and up to 84 months	7 (per month)
3a	Knowledge English language (Excellent C2)	70
3b	Knowledge English language (Very good C1)	50
4	Announcements at scientific conferences (per announcement) and up to 6 announcements	15 (per announcement)
5	Seminars – Trainings (per time education) and up to 300 hours or (per seminar-training) and up to 5 seminars trainings	0.25 per hour or 15 per seminar
6	Interview	≤ 300

The calculation of scoring points is carried out for those qualifications that refer to the required or considered qualifications-criteria of the call and are objectively relevant to the requirements of the project.

5. REQUIRED DOCUMENTS

1. Submission of Proposal - Statement (see appendix)
2. Detailed table data for the proof of experience, if needed (see appendix)
3. Detailed Curriculum Vitae
4. Copies of the Degrees
Special cases:
 - a) In cases where the degree grade is a qualification/criterion and is not indicated on the relevant copy of the degree, the transcript of records should be submitted in addition, otherwise the specific qualification requested will not be marked.
 - b) Postgraduate and PhD students should submit a recent certificate (within the last three months) from the relevant University Department, showing that they have the relevant status (postgraduate/PhD student) at the time of submission of the proposal,
 - c) If the scientific field/specialisation is not evident from the degree:
 - For bachelor's and master's degrees, the transcript of records should be submitted,
 - For PhD candidates, if the scientific field/specialisation is not evident from the subject of the doctoral thesis, as indicated on the registration certificate from University's Department Secretariat, any other certificate documenting the above, signed by the Secretariat or the supervisor or the three-member committee, should be submitted.
 - For PhD holders, if the scientific field/specialisation is not evident from the doctoral degree, the electronic address of the doctoral thesis from the National Archive of Doctoral Dissertations should be included in the Curriculum Vitae. If the doctoral thesis was obtained from foreign institutions, the title and an abstract should be included in the Curriculum Vitae.
5. Copies of certificates and certifications of previous experience, as well as any other document that will certify the information mentioned in the CV and which are related to the Required or Additional qualifications-criteria of this call for expression of interest.
6. In order to prove that the criterion of publications in journals and/or conference announcements has been fulfilled, the candidate should include the required minimum information in the detailed CV, for journals, the title of the journal, the issue, the date of publication, the title of the publication, the authors, and for conferences, the title, the date and venue and a copy of the programme.
7. Male candidates must submit a solemn declaration (article 8 of Law 1599/1986) that they have fulfilled their military obligations or have been legally exempted from them throughout the duration of the contract to be concluded within the framework of this project.

* Proof of Professional Experience:

A. For professional experience to the private sector

Certificate from the relevant insurance institution. Additionally, if the certificate from the insurance institution does not indicate specialized experience, a contract or service provision certificate is required. which should cover the duration of the specialized experience.

B. For professional experience in public sector

Confirmation of carrier employment and/or contract with the carrier employment, from where to it turns out the period of time and the subject of employment.

**** Proof of research experience:**

Research or participation in research centers or programs may be considered as experience time provided that the proposal includes:

Certificate from the employment agency and/or contract proving the period of employment, the subject of employment, the title and or Scientific Responsible Scientific Responsible for each research program or work. Since from the above not arises the research The subject of employment requires the submission of a Certificate from the Scientific Supervisor, which will state, for each research program, the subject of the research.

It goes without saying that the above regarding experience applies if the candidates during of their participation held the basic academic qualification required by the announcement or the required professional license or other professional license or certificate.

6. INTERVIEW

Candidates (of Subject A, B and C) who meet all the conditions and required qualifications of the call will be invited for an interview (after written information by e-mail). Candidates who do not attend the interview will be rejected. It is not necessary to hold an interview if all the conditions and required qualifications of the call are met by a single proposal.

The topics of the questions and the marking system to be used are shown in the following table:

Nr	Interview topic	Level of Knowledge Units for Grading	Rating Range
1	Motivations for candidacy/professional goals	Basic 0-50 Good 51-79 Excellent 80-100	0-100
2	Understanding position requirements, project goals and critical success factors	Basic 0-50 Good 51-79 Excellent 80-100	0-100
3	Ability to act successfully in a team context	Basic 0-50 Good 51-79 Excellent 80-100	0-100

7. METHOD AND DEADLINE FOR SUBMITTING PROPOSALS

The submission of proposals and other supporting documents by interested persons will be done either electronically to the address spetanid@auth.gr either in person or by post to the address: Medical Secretariat, Aristotle University of Thessaloniki Campus, Thessaloniki, Postal Code 54124 hours 10:00-14:00, **until 31/03/2025 and 14:00** and will receive a protocol number from the Secretariat of the relevant Department of the Scientific Director of the project. The proposal-statement must be **legally signed** , i.e. either with **an electronic-digital** signature (gov.gr or another legally granted digital signature) in case of electronic submission of the proposal, or with **a handwritten signature** (original, **not scanned**) in case of postal submission or submission in person. Proposals that do not meet the above requirements will not be considered.

8. PUBLICATION - INFORMATION

This Call will be published on the website of ELKE AUTH <https://rc.auth.gr/proskliseis-gia-apasholisi-se-erga> and on the website of "Diavgeia".

For more information and questions regarding the position, candidates may refer to **2310-999153**. For information on the proposal submission process candidates may contact ELKE AUTH at **2310-994082, 4052, 4053, 4054**.

9. EVALUATION

Submitted proposals will be evaluated by a three-member Evaluation Committee in accordance with the procedure provided for in article 244 of Law 4957/2022 and in article 20 of the Funding and Project Management Guide of ELKE AUTH as applicable.

10. OBJECTION

Candidates are informed of the results through the website of the ELKE AUTH (<https://rc.auth.gr/proskliseis-gia-apasholisi-se-erga>) in the online posting of this call, as well as through the program Diavgeia. The candidate has the right to submit an objection against the results of this call (Decision of acceptance of results) within an exclusive period of five (5) calendar days from the day following the posting of the decision of acceptance of results on the website of the ELKE AUTH. The objection must be in writing and legally signed, accompanied by a

photocopy of the objector's identity card and must be submitted either electronically at prosk@rc.auth.gr, or in person, or by post to the Special Account for Research Funds (ELKE) of the Aristotle University of Thessaloniki (KEDEA Building, 3rd September - University Campus, Thessaloniki, P.O. Box 54636, 1st floor, Office 101). No objections may be raised on the grounds of interview or skill test.

The procedure for objections is defined by article 245 of Law 4957/2022 and article 20A of the Funding and Project Management Guide of the ELKE AUTH as applicable.

If the objection concerns the qualifications of one or more candidates, it is communicated to the latter by e-mail, at the discretion of MODY. Each of them has the right to submit their opinion by electronic or paper submission to the MODY within three (3) calendar days of the notification. All the above shall be forwarded to the Objections Committee. Candidates who will not submit any opinion in accordance with the procedure as described above, may not submit an objection to the new Decision on the acceptance of results of the Research Committee, which will be issued after the approval of the recommendation of the Objections Committee on the acceptance of the objection.

For the effective exercise of the right to submit an objection, candidates have the right to access the data of their individual candidature file and the evaluation-scoring documents, both of themselves and of their other candidates, upon written request within the objection submission deadline and under the conditions of articles 5 of Law 2690/1999, 42 of Law 4624/2019 and 6 par. 1(f) of the GDPR (EU 2016/679). The application shall be submitted in the same way as the objection. Taking into account that the data of the candidates' individual files submitted for participation in this Call for Expression of Interest constitute personal data within the meaning of Article 4 of the General Data Protection Regulation 2016/679, the access of the other candidates to these data is possible under the terms of the legislation on personal data and Article 5 of the Code of Administrative Procedure, as well as in accordance with the conditions consistently accepted by the Hellenic Data Protection Authority (decision 28/2018). In any event, by submitting their application, candidates accept that the documents and supporting documents they submit may be issued to their fellow candidates, subject to the above conditions.

Both objections and requests for access to candidate file data must be legally signed, i.e. either with an electronic-digital signature (gov.gr or other legally granted digital signature), or with a handwritten signature. A photocopy of a document with a handwritten signature (scanned pdf file) will be given a same-day incoming file number but will be examined only if the original document will be submitted within five (5) calendar days. Requests for access to data and objections that do not meet the above requirements will not be examined.

11. PERSONAL DATA

ELKE AUTH takes all appropriate measures to protect personal data during the evaluation process and it is strongly recommended that you read about the data protection policy and your rights on the AUTH website <https://www.auth.gr/gdpr>.

OTHERS CONDITIONS

1. From all the proposals submitted according to the above specifications, the one that best meets the project's requirements will be selected and awarded a work contract on the basis of contractual freedom.
2. Only proposals / objections that will be received by the set date and time will be considered. In the case of postal submission, the deadline is judged on the basis of the date mentioned in the shipping file, provided that it will be received by ELKE AUTH no later than the approval of the results. ELKE AUTH bears no responsibility for the content of the candidacy files that will be sent.
3. Changes to the proposals (replacements, corrections or submission of additional documents) are not allowed after the expiration of the deadline.
4. For the employment of teaching, research and scientific staff, the recognition of academic qualifications awarded by foreign institutions that are not accompanied by DOATAP - Hellenic National Academic Recognition and Information Center (Hellenic NARIC) recognition certificates, is based on the National Registry of Foreign Recognized Higher Education Institutes and the National Registry of Foreign Recognized Academic Title Types, <https://www.doatap.gr/anagnorish/mitroa>. If the degree is awarded by a foreign institution included in the list of article 307 of Law 4957/2022 (list of foreign institutions with a franchise agreement with private institutions in Greece), the candidate must submit a Certificate of Place of Study from the foreign institution. If the place of study or part of the studies is confirmed as the Greek territory, the degree is not recognized, unless the part of the studies undertaken in the Greek territory is in a public higher education institution. Samples for the certificate of place of study are available on the DOATAP website. <https://www.doatap.gr/anagnorish/ypodeigmata-vevaioseon-topou-spoudon/>. In addition, if the call for applications has a grading/marketing scale for the degree, candidates must provide a certificate of the Overall Mark from the foreign institution. The matching of marks is carried out according to the system of matching marks of domestic and foreign qualifications as defined by the decisions of the Plenary Board of the DOATAP (Proceedings 144/7.2.2014 and 145/14.2.2014) <https://www.doatap.gr/anagnorish/systima-antistoichias-vathmologisis-imedapon-kai-allodapon-titlon-spoudon/>. In case of failure to provide a certificate of the overall final grade, the proposal will not be rejected, but the specific qualification requested will not be marked.
5. For the employment of administrative, technical and other staff, academic qualifications, if they are required or taken into account and have been awarded by foreign institutions, must be accompanied by certificates of recognition of DOATAP- Hellenic National Academic Recognition and Information Center (Hellenic NARIC). In addition, if the call for applications has a grading/marketing scale for the degree, a certificate of equivalence issued by the DOATAP is required. If the certificate of equivalence of marks is not provided, and only the certificates of recognition issued by the DOATAP are submitted, the candidate's proposal will not be rejected, but the specific qualification requested will not be marked.
6. It is pointed out that the procedure for submitting proposals for the conclusion of a project lease contract is not competitive, while the selection of a contractor has the character of accepting the proposal and not "recruitment". The evaluation process will be completed by compiling a ranking list and / or a list of excluded, while those selected will be notified individually. In case of a tie, the proposal of the interested person is selected in order a) with the longest experience, b) with the highest bachelor's degree mark, c) with the highest master's degree mark.
7. The proposal that is first in the ranking table and has the highest score in all the scoring criteria will be the one that will be selected. In case of obstruction of the person who submitted it, the next proposal is selected until the ranking order is exhausted.
8. Any submitted proposal that does not meet the criteria of the call of the expression of interest will not be examined any further and will be automatically rejected.
9. Throughout the execution of the project and according to the terms of the contract, following a relevant decision of the Research Committee, the selected person may be replaced by the next candidate in the ranking order, either due to his/her resignation or due to improper execution of the contract, following a written notice of termination of the contract that will be duly served on him/her and after the deadline for compliance set in the same document has expired without effect.
10. The contract may be extended without restriction, following a decision of the competent body of ELKE AUTH and if the required budget of the project allows it, without a new invitation, until the end date of the project (and in case of extension of the project until its new end date).
11. ELKE AUTH does not undertake any commitment to conclude a contract, as it is left to its full discretion to conclude or not contracts, as well as their number, excluding any claim of the interested parties.
12. The project assignment will take place in accordance with the provisions of the Program Implementation Guide.
13. The knowledge of foreign languages is certified in accordance with the provisions of the Presidential Decree 85/2022 "Determining the qualifications for appointment to positions of public sector" (A' 232/17.12.2022), especially according to the articles 10, 14 par. 3 and 15 par. 7.
14. Foreign documents must be accompanied by photocopies of their official translation into the Greek language except for English, French, German, Italian and Spanish language certificates which, if they meet the conditions of the P.D. 85/2022, are accepted without requiring their translation.
15. For candidates, computer skills shall be certified according to the Presidential Decree 85/2022 "Determining the qualifications for appointment to positions of public sector" (A' 232/17.12.2022), especially according to the article 9.
16. It should be noted that the project assignment to candidates employed in the Public Sector, in Public and Private Bodies, etc. is subject to the prohibitions/restrictions imposed by national legislation, the regulatory framework of the project management and the Funding and Management Guide of ELKE AUTH.
