## **6. Objection**

Candidates are informed of the results through their own diligence via the ELKE AUTH website (<https://rc.auth.gr/proskliceis-gia-apasholisi-se-erga>) in the electronic posting path of this call, as well as in the DIAVGEIA program. The candidate has the right to file an objection against the results of this call (decision to accept results) within an exclusive period of deadline five (5) calendars days from the the next day her suspension her decision to accept results on the website of the ELKE AUTH. The objection must be in writing and legally signed, accompanied by a photocopy of the objector's identity card and submitted either electronically to the address [prosk@rc.auth.gr](mailto:prosk@rc.auth.gr), or in person, or by post to the Special Account for Research Funds of AUTH (KEDEA Building, 3rd September - University Campus, Thessaloniki, Postal Code: 54636, 1st floor, Office 101). An objection is not permitted for reasons related to the interview or the knowledge examination and the skills and work efficiency test.

The objections procedure is determined by article 245 of Law 4957/2022 and article 20A of the ELKE AUTH Project Funding and Management Guide, as applicable.

If the objection concerns the qualifications/qualifications of one or more co-candidates, it is notified to the latter by MODY via e-mail. Each of them of above has right to submit opinions by electronic or paper submission to the MODY within three (3) calendar days from the relevant notification. The opinions are forwarded to the Objections Committee. The co-candidate who does not submit opinions in accordance with the procedure of the previous paragraph, cannot file an objection against the new Decision to Accept Results of the Research Committee, which is issued after the approval of the recommendation of the Appeals Committee to accept the objection.

In order to effectively exercise the right to lodge an objection, candidates have the right to access the information in their individual application file and the evaluation and grading documents, both of themselves and of their other co-candidates, upon their written request within the objection deadline. and under the conditions of articles 5 of Law 2690/1999, 42 of Law 4624/2019 and 6 par. 1 letter f of the GDPR (EU 2016/679). The application is submitted in the same way as the objection. Taking into account that the information in the individual file of the candidates who have been submitted for participation in this Call for Expression of Interest constitutes personal data in the within the meaning of art. 4 of the General Data Protection Regulation 2016/679, access by other co-candidates to this information is possible under the terms of the legislation on personal data and of article 5 of the Code of Administrative Procedure, as well as in accordance with the conditions consistently accepted by the Personal Data Protection Authority (decision 28/2018). In any case, candidates accept by submitting their application that the documents and supporting documents they will submit may be granted to their co-candidates, under the above conditions.

Both objections and requests for access to candidate file data must be legally signed, i.e. either with an electronic-digital signature (gov.gr or another legally granted digital signature) or with a handwritten signature. A photocopy of a document with a handwritten signature (scanned pdf file) receives an incoming protocol number on the same day but is examined if the original document is presented within five (5) calendar days. Requests for access to data and objections that do not meet the above conditions will not be examined.

## **7. PERSONAL DATA**

ELKE AUTH takes all appropriate measures to protect personal data during the evaluation process and it is strongly recommended that you read about the data protection policy and your rights on the AUTH website <https://www.auth.gr/gdpr>.

## OTHER CONDITIONS

1. From all the proposals submitted according to the above specifications, the one that best meets the project's requirements will be selected and awarded a work contract on the basis of contractual freedom.
2. Only proposals / objections that will be received by the set date and time will be considered. In the case of postal submission, the deadline is judged on the basis of the date mentioned in the shipping file, provided that it will be received by ELKE AUTH no later than the approval of the results. ELKE AUTH bears no responsibility for the content of the candidacy files that will be sent.
3. Changes to the proposals (replacements, corrections or submission of additional documents) are not allowed after the expiration of the deadline.
4. For the employment of teaching, research and scientific staff, the recognition of academic qualifications awarded by foreign institutions that are not accompanied by DOATAP - Hellenic National Academic Recognition and Information Center (Hellenic NARIC) recognition certificates, is based on the National Registry of Foreign Recognized Higher Education Institutes and the National Registry of Foreign Recognized Academic Title Types, <https://www.doatap.gr/anagnorish/mitroa>. If the degree is awarded by a foreign institution included in the list of article 307 of Law 4957/2022 (list of foreign institutions with a franchise agreement with private institutions in Greece), the candidate must submit a Certificate of Place of Study from the foreign institution. If the place of study or part of the studies is confirmed as the Greek territory, the degree is not recognised, unless the part of the studies undertaken in the Greek territory is in a public higher education institution. In addition, if the call for applications has a grading/marketing scale for the degree, candidates must provide a certificate of the Overall Mark from the foreign institution. The matching of marks is carried out according to the system of matching marks of domestic and foreign qualifications as defined by the decisions of the Plenary Board of the DOATAP (Proceedings 144/7.2.2014 and 145/14.2.2014) <https://www.doatap.gr/anagnorish/systima-antistoichias-vathmologisis-imedapon-kai-allodapon-titlon-spoudon/>. In case of failure to provide a certificate of the overall final grade, the proposal will not be rejected, but the specific qualification requested will not be marked.
5. For the employment of administrative, technical and other staff, academic qualifications, if they are required or taken into account and have been awarded by foreign institutions, must be accompanied by certificates of recognition of DOATAP- Hellenic National Academic Recognition and Information Center (Hellenic NARIC). In addition, if the call for applications has a grading/marketing scale for the degree, a certificate of equivalence issued by the DOATAP is required. If the certificate of equivalence of marks is not provided, and only the certificates of recognition issued by the DOATAP are submitted, the candidate's proposal will not be rejected, but the specific qualification requested will not be marked.
6. It is pointed out that the procedure for submitting proposals for the conclusion of a project lease contract is not competitive, while the selection of a contractor has the character of accepting the proposal and not "recruitment". The evaluation process will be completed by compiling a ranking list and / or a list of excluded, while those selected will be notified individually. In case of a tie, the proposal of the interested person is selected in order a) with the longest experience, b) with the highest bachelor's degree mark, c) with the highest master's degree mark.
7. The proposal that is first in the ranking table and has the highest score in all the scoring criteria will be the one that will be selected. In case of obstruction of the person who submitted it, the next proposal is selected until the ranking order is exhausted.
8. Any submitted proposal that does not meet the criteria of the call of the expression of interest will not be examined any further and will be automatically rejected.
9. Throughout the execution of the project and according to the terms of the contract, following a relevant decision of the Research Committee, the selected person may be replaced by the next candidate in the ranking order, either due to his/her resignation or due to improper execution of the contract, following a written notice of termination of the contract that will be duly served on him/her and after the deadline for compliance set in the same document has expired without effect.
10. The contract may be extended without restriction, following a decision of the competent body of ELKE AUTH and if the required budget of the project allows it, without a new invitation, until the end date of the project (and in case of extension of the project until its new end date).
11. ELKE AUTH does not undertake any commitment to conclude a contract, as it is left to its full discretion to conclude or not contracts, as well as their number, excluding any claim of the interested parties.
12. The project assignment will take place in accordance with the provisions of the Program Implementation Guide.
13. The knowledge of foreign languages is certified in accordance with the provisions of the Presidential Decree 85/2022 "Determining the qualifications for appointment to positions of public sector" (A' 232/17.12.2022), especially according to the articles 10, 14 par. 3 and 15 par. 7.
14. Foreign documents must be accompanied by photocopies of their official translation into the Greek language except for English, French, German, Italian and Spanish language certificates which, if they meet the conditions of the P.D. 85/2022, are accepted without requiring their translation.
15. For candidates, computer skills shall be certified according to the Presidential Decree 85/2022 "Determining the qualifications for appointment to positions of public sector" (A' 232/17.12.2022), especially according to the article 9.
16. It should be noted that the project assignment to candidates employed in the Public Sector, in Public and Private Bodies, etc. is subject to the prohibitions/restrictions imposed by national legislation, the regulatory framework of the project management and the Funding and Management Guide of ELKE AUTH.
