CALL FOR EXPRESSION OF INTEREST

(For submission of proposals for the conclusion of a project lease contract)

The Research Committee (Special Account for Research Funds) of Aristotle University of Thessaloniki (ELKE AUTH), in the framework of the project "**Centre Of Excellence For Organic, Printed Electronics & Nanotechnologies (COPE-Nano)**" funded by the European Union, under the HORIZON 2021-2027 program, with Academic Head Prof. Stergios Logothetidis, invites candidates to submit proposals for **one (1) position** as described below, through the award of a project contract, starting from the signing of the contract until **30/09/2026** and with a total anticipated remuneration **60.000,00€** (VAT and taxes included). The contract can be extended until the end date of the project **30/04/2029** (in case of extension until its completion) and within the approved limits of its budget and up to the amount of **155.000,00€**.

One (1) person / Chemical Engineer, PhD holder / up to €60.000,00€ / until 30-09-2026 (extension amount up to €155.000,00€)

1. Project Description

- Provision of specialized knowledge in the field of Chemical Engineering and good practices for scientific and research activities in Nanotechnology and Organic Electronics
- Organization and implementation of the procedures for the establishment, design, development, construction, configuration of building facilities with specifications for advanced research in Nanotechnology and Organic Electronics, and of the operating procedures of the COPE-Nano Center of Excellence and its Institutes
- Organization and implementation of the procedures for the employment of specialized personnel and researchers in the field of Nanotechnology and Organic Electronics, for the procurement, acquisition and installation of the required scientific and research equipment for the development and characterization of nano-materials and nano-systems of the COPE-Nano Center of Excellence
- Participation in the organization of the scientific and research activities of the Center of Excellence and provision of specialized knowledge regarding Nanotechnology and Organic Electronics and in the implementation of research projects
- Guidance in the work of executives and researchers of the Center of Excellence providing specialized knowledge on Nanotechnology and Organic Electronics issues for the implementation of its scientific and research activities
- Support in networking and establishing collaborations of the Center of Excellence for its smooth and efficient operation and contribution to its sustainability and organization of Research & Innovation actions in Organic Electronics and Nanotechnology
- Communication with the project stakeholders and the European Commission for the proper implementation of the workplan and timeplan, and the completion of the project deliverables
- Representation of the COPE-Nano Center of Excellence in meetings with representatives from the European Commission, the Greek Government, and from academic, research and industrial bodies in Greece and abroad, for the presentation, networking and promotion of the actions of the Center of Excellence as and where required in within the framework of the project workplan
- Participation in the preparation of periodic, interim and final progress reports, as well as project deliverables for submission to funding bodies

The above project scope and obligations will be implemented within the framework of all Work Packages of the COPE-Nano Project and specifically in the following:

- WP1:** Establishment the COPE-Nano Organization & Procedures
- WP2:** COPE-Nano Building and Upgrade of R&I Infrastructure
- WP3:** Increase R&I Excellence & Capacity Building
- WP4:** Networking and strategic partnerships
- WP5:** Industrial Cooperation & Sustainability
- WP6:** Dissemination, Communication, Exploitation
- WP7:** Management & Administration

2. Required Qualifications

- Diploma in Chemical Engineering
- PhD related to the processing of polymeric or related nanomaterials
- 36 months of experience* related to Nanotechnology and the development and characterization of nanomaterials and systems for advanced applications
- Excellent knowledge of English (C2)

3. Additional Qualifications

- Master's Degree in Environmental Technologies or related
- Additional experience* related to Nanotechnology and the development and characterization of nanomaterials and systems for advanced applications
- Publications in international scientific journals related to Nanotechnology
- Announcements in scientific conferences related to Nanotechnology
- Interview

4. Qualifications Assessment

	Qualifications criteria	Credits (Researchers)
1	Bachelor's degree mark	mark * 40
2	Master's Degree	200
3	Experience* (per month) - 48 months max <i>Note: only months beyond the Required Experience are graded</i>	7 per month
4	Publications in scientific journals (per publication) – 6 max	40 (per publication)
5	Announcements in scientific conferences (per announcement) – 6 max	15 (per announcement)
6	Interview	≤ 180

All the qualifications listed above are in relevance with the project requirements and objectives.

5. Required Documents:

1. Submission of Proposal - Statement (see appendix)
2. Detailed table data for the proof of experience, if needed (see appendix)
3. Detailed Curriculum Vitae
4. Copies of the Degrees
Special cases:
 - a) In cases where the degree grade is a qualification/criterion and is not indicated on the relevant copy of the degree, the transcript of records should be submitted in addition, otherwise the specific qualification requested will not be marked.
 - b) Postgraduate and PhD students should submit a recent certificate (within the last three months) from the relevant University Department, showing that they have the relevant status (postgraduate/PhD student) at the time of submission of the proposal,

c) If the scientific field/specialisation is not evident from the degree:

- For bachelor's and master's degrees, the transcript of records should be submitted,
- For PhD candidates, if the scientific field/specialisation is not evident from the subject of the doctoral thesis, as indicated on the registration certificate from University's Department Secretariat, any other certificate documenting the above, signed by the Secretariat or the supervisor or the three-member committee, should be submitted.
- For PhD holders, if the scientific field/specialisation is not evident from the doctoral degree, the electronic address of the doctoral thesis from the National Archive of Doctoral Dissertations should be included in the Curriculum Vitae. If the doctoral thesis was obtained from foreign institutions, the title and an abstract should be included in the Curriculum Vitae.

5. Copies of certificates and certifications of previous experience, as well as any other document that will certify the information mentioned in the CV and which are related to the Required or Additional qualifications-criteria of this call for expression of interest.

6. In order to prove that the criterion of publications in journals and/or conference announcements has been fulfilled, the candidate should include the required minimum information in the detailed CV, for journals, the title of the journal, the issue, the date of publication, the title of the publication, the authors, and for conferences, the title, the date and venue and a copy of the programme.

*** Proof of Experience:**

Certificate of employment or/and employment contract, detailing the duration and the job duties and responsibilities.

All the above concerning the experience apply if the candidates during their participation held the required basic qualification or the required professional license or other professional license or certificate.

6. Interview:

Candidates who meet all the conditions and required qualifications of the call will be invited for an interview (after written information by e-mail), except for those whose proposals will score at least **180** points (score range) lower than the first ranked proposal. Candidates who do not attend the interview will be rejected. It is not necessary to hold an interview if all the conditions and required qualifications of the call are met by a single proposal.

The topics of the questions and the marking system to be used are shown in the following table:

Nr.	Interview topic	Level of Knowledge Units for Grading	Scoring Range
1	Processes for managing and implementing research and development programs	Basic 0-20 Good 21-30 Excellent 31-45	0-45
2	Ability to deal with crises in the execution of development and research programs	Basic 0-20 Good 21-30 Excellent 31-45	0-45
3	Organizational skills	Basic 0-20 Good 21-30 Excellent 31-45	0-45
4	Understanding of position requirements, project objectives and critical success factors	Basic 0-20 Good 21-30 Excellent 31-45	0-45

7. Submission of proposals

Proposals and required documents should be submitted either via e-mail to cgrava@auth.gr or in person or by post to the following address 1st floor, Faculty of Sciences Secretariat bldg. (School of Biology bldg) A.U.Th. Campus 54124, Thessaloniki, within hours 10:30-12:00, **no later than 22/09/2025 at 12:00**. Proposals will be attributed a reference number from the Secretariat of the Department of the Academic Head of the project.

8. Publication – Information

This Call will be published on the website of ELKE AUTH <https://rc.auth.gr/proskliseis-gia-apasholisi-se-erga> and on the website of "Diavgeia".

For more information and questions regarding the position, candidates may refer to **00302310- 998189**. For information on the proposal submission process candidates may contact ELKE AUTH at **00302310-994055, 994053, 994052, 994082**.

1. Evaluation

Submitted proposals will be evaluated by a three-member Evaluation Committee in accordance with the procedure provided for in article 244 of Law 4957/2022 and in article 20 of the Funding and Project Management Guide of ELKE AUTH as applicable.

2. Objection

Candidates are informed of the results through the website of the ELKE AUTH (<https://rc.auth.gr/proskliseis-gia-apasholisi-se-erga>) in the online posting of this call, as well as through the program Diavgeia. The candidate has the right to submit an objection against the results of this call (Decision of acceptance of results) within an exclusive period of five (5) calendar days from the day following the posting of the decision of acceptance of results on the website of the ELKE AUTH. The objection must be in writing and legally signed, accompanied by a photocopy of the objector's identity card and must be submitted either electronically at prosk@rc.auth.gr, or in person, or by post to the Special Account for Research Funds (ELKE) of the Aristotle University of Thessaloniki (KEDEA Building, 3rd September - University Campus, Thessaloniki, P.O. Box 54636, 1st floor, Office 101). No objections may be raised on the grounds of interview or skill test.

The procedure for objections is defined by article 245 of Law 4957/2022 and article 20A of the Funding and Project Management Guide of the ELKE AUTH as applicable.

If the objection concerns the qualifications of one or more candidates, it is communicated to the latter by e-mail, at the discretion of MODY. Each of them has the right to submit their opinion by electronic or paper submission to the MODY within three (3) calendar days of the notification. All the above shall be forwarded to the Objections Committee. Candidates who will not submit any opinion in accordance with the procedure as described above, may not submit an objection to the new Decision on the acceptance of results of the Research Committee, which will be issued after the approval of the recommendation of the Objections Committee on the acceptance of the objection.

For the effective exercise of the right to submit an objection, candidates have the right to access the data of their individual candidature file and the evaluation-scoring documents, both of themselves and of their other candidates, upon written request within the objection submission deadline and under the conditions of articles 5 of Law 2690/1999, 42 of Law 4624/2019 and 6 par. 1(f) of the GDPR (EU 2016/679). The application shall be submitted in the same way as the objection.

Taking into account that the data of the candidates' individual files submitted for participation in this Call for Expression of Interest constitute personal data within the meaning of Article 4 of the General Data Protection Regulation 2016/679, the access of the other candidates to these data is possible under the terms of the legislation on personal data and Article 5 of the Code of Administrative Procedure, as well as in accordance with the conditions consistently accepted by the Hellenic Data Protection Authority (decision 28/2018). In any event, by submitting their application, candidates accept that the documents and supporting documents they submit may be issued to their fellow candidates, subject to the above conditions.

Both objections and requests for access to candidate file data must be legally signed, i.e. either with an electronic-digital signature (gov.gr or other legally granted digital signature), or with a handwritten signature. A photocopy of a document with a handwritten signature (scanned pdf file) will be given a same-day incoming file number but will be examined only if the original document will be submitted within five (5) calendar days.

Requests for access to data and objections that do not meet the above requirements will not be examined.

3. Personal data

ELKE AUTH takes all appropriate measures for the protection of personal data during the evaluation process and it is strongly recommended that you read about the data protection policy and your rights on the AUTH website <https://www.auth.gr/gdpr>.

OTHER CONDITIONS

1. From all the proposals submitted according to the above specifications, the one that best meets the project's requirements will be selected and awarded a work contract on the basis of contractual freedom.
2. Only proposals / objections that will be received by the set date and time will be considered. In the case of postal submission, the deadline is judged on the basis of the date mentioned in the shipping file, provided that it will be received by ELKE AUTH no later than the approval of the results. ELKE AUTH bears no responsibility for the content of the candidacy files that will be sent.
3. Changes to the proposals (replacements, corrections or submission of additional documents) are not allowed after the expiration of the deadline.
4. For the employment of teaching, research and scientific staff, the recognition of academic qualifications awarded by foreign institutions that are not accompanied by DOATAP - Hellenic National Academic Recognition and Information Center (Hellenic NARIC) recognition certificates, is based on the National Registry of Foreign Recognized Higher Education Institutes and the National Registry of Foreign Recognized Academic Title Types, <https://www.doatap.gr/anagnorish/mitroa>. If the degree is awarded by a foreign institution included in the list of article 307 of Law 4957/2022 (list of foreign institutions with a franchise agreement with private institutions in Greece), the candidate must submit a Certificate of Place of Study from the foreign institution. If the place of study or part of the studies is confirmed as the Greek territory, the degree is not recognised, unless the part of the studies undertaken in the Greek territory is in a public higher education institution. In addition, if the call for applications has a grading/marketing scale for the degree, candidates must provide a certificate of the Overall Mark from the foreign institution. The matching of marks is carried out according to the system of matching marks of domestic and foreign qualifications as defined by the decisions of the Plenary Board of the DOATAP (Proceedings 144/7.2.2014 and 145/14.2.2014) <https://www.doatap.gr/anagnorish/systima-antistoiichias-vathmologisis-imedapon-kai-allodapon-titlon-spoudon/>. In case of failure to provide a certificate of the overall final grade, the proposal will not be rejected, but the specific qualification requested will not be marked.
5. For the employment of administrative, technical and other staff, academic qualifications, if they are required or taken into account and have been awarded by foreign institutions, must be accompanied by certificates of recognition of DOATAP- Hellenic National Academic Recognition and Information Center (Hellenic NARIC). In addition, if the call for applications has a grading/marketing scale for the degree, a certificate of equivalence issued by the DOATAP is required. If the certificate of equivalence of marks is not provided, and only the certificates of recognition issued by the DOATAP are submitted, the candidate's proposal will not be rejected, but the specific qualification requested will not be marked.
6. It is pointed out that the procedure for submitting proposals for the conclusion of a project lease contract is not competitive, while the selection of a contractor has the character of accepting the proposal and not "recruitment". The evaluation process will be completed by compiling a ranking list and / or a list of excluded, while those selected will be notified individually. In case of a tie, the proposal of the interested person is selected in order a) with the longest experience, b) with the highest bachelor's degree mark, c) with the highest master's degree mark.
7. The proposal that is first in the ranking table and has the highest score in all the scoring criteria will be the one that will be selected. In case of obstruction of the person who submitted it, the next proposal is selected until the ranking order is exhausted.
8. Any submitted proposal that does not meet the criteria of the call of the expression of interest will not be examined any further and will be automatically rejected.
9. Throughout the execution of the project and according to the terms of the contract, following a relevant decision of the Research Committee, the selected person may be replaced by the next candidate in the ranking order, either due to his/her resignation or due to improper execution of the contract, following a written notice of termination of the contract that will be duly served on him/her and after the deadline for compliance set in the same document has expired without effect.
10. The contract may be extended without restriction, following a decision of the competent body of ELKE AUTH and if the required budget of the project allows it, without a new invitation, until the end date of the project (and in case of extension of the project until its new end date).
11. ELKE AUTH does not undertake any commitment to conclude a contract, as it is left to its full discretion to conclude or not contracts, as well as their number, excluding any claim of the interested parties.
12. The project assignment will take place in accordance with the provisions of the Program Implementation Guide.
13. The knowledge of foreign languages is certified in accordance with the provisions of the Presidential Decree 85/2022 "Determining the qualifications for appointment to positions of public sector" (A'232/17.12.2022), especially according to the articles 10, 14 par. 3 and 15 par. 7.
14. Foreign documents must be accompanied by photocopies of their official translation into the Greek language except for English, French, German, Italian and Spanish language certificates which, if they meet the conditions of the P.D. 85/2022, are accepted without requiring their translation.
15. For candidates, computer skills shall be certified according to the Presidential Decree 85/2022 "Determining the qualifications for appointment to positions of public sector" (A'232/17.12.2022), especially according to the article 9.
16. It should be noted that the project assignment to candidates employed in the Public Sector, in Public and Private Bodies, etc. is subject to the prohibitions/restrictions imposed by national legislation, the regulatory framework of the project management and the Funding and Management Guide of ELKE AUTH.

DETAILED TABLE DATA FOR PROOF OF EXPERIENCE

(The person concerned records all relevant experience to the subject of the call **if required**)

a/a	From	To	(a)	(b)	Institution of Employment - Employer	Employer Category ⁽¹⁾	Task of Employment
			Months of Employment	Days of Employment			

TOTAL

.....

GENERAL TOTAL MONTHS OF EXPERIENCE

⁽²⁾

--

(1) Complete as appropriate with 'PR' or 'PU' depending on the category of the Employment Office, where PR: Private sector, individuals or private legal entities (corporations, etc.) • PU: Public sector, government agencies or public entities or local authorities of first and second degree or private entities in the public sector of par. 1 of Art. 14 of Law. 2190/1994 as in force or bodies of par. 3 of Art. 1 of Law. 2527/1997. In the case of self-employed, complete with the indication "SE".

(2) Complete the GENERAL TOTAL MONTHS OF EXPERIENCE. When, in Column (b) shows experience, the total days of employment divided by 25 (if the experience has been calculated as the number of wages) or by 30 (if the experience has been calculated as the period from the start day until the expiration date of employment) and the resulting integer is added to the total months of employment of the column (a).
