CALL FOR EXPRESSION OF INTEREST

(For submission of proposals for the conclusion of a project lease contract)

The Research Committee (Special Account for Research Funds) of Aristotle University of Thessaloniki (ELKE AUTH), in the framework of the project “**Eco-centric management for sustainable fisheries and healthy marine ecosystems - EcoScope**” funded under H2020 program of European Commission, with Academic Head Prof. Athanassios Tsikliras, invites candidates to submit proposals for one (1) position as described below, through the award of a project contract, starting from the signing of the contract until 31/08/2025 and with a total anticipated remuneration 40.000,00 € (taxes included).

The contract can be extended in case of extension of the project until the new end date, and within the approved limits of its budget.

Project Description

The EcoScope project will develop an interoperable platform and a robust decision-making toolbox, available through a single public portal, to promote an efficient, ecosystem-based fisheries management. EcoScope project is organised into eleven (11) work packages (WPs). In brief, WP1 is allocated to the scientific, financial and administrative project management and the communication with the EC; WP2 is devoted to analysing the efficiency of current management schemes and identifying gaps in knowledge and ways to fill those gaps; WP3 will link fisheries resources to oceanographic, climate, biogeochemical and other models and will create a platform that will host all datasets and outputs; WP4 will evaluate human impacts on ecosystems, including climate change and the impact of fishing; WP5 will assess the state of ecosystems and their components, including habitats and stocks for each case study and will develop a scoring system to support decision making; in WP6 ecosystem models will be developed for each case study, management and policy scenarios will be examined incorporating uncertainty along with maritime spatial planning simulations both for the current status and for each scenario; WP7 will deal with the socio-economic part of ecosystems through quantification and assessment of values, needs and expectations of society, health, consumption, food security and gender dimensions, as well as fisheries profitability and bioeconomic indicators; WP8 is allocated to capacity building and stakeholder involvement in co-designing policy and management; WP9 explores measures for the sustainable operation of the EcoScope products and services after the end of the project. WP10 will ensure the dissemination of project results to the scientific community, policy makers, end-users and the public and will create the EcoScope App and the EcoScopium public portal that will host

the platform, the toolbox, the academy and the application. Finally, WP11 deals with the ethical requirements across the project

1 person with undergraduate degree in Biology or Biochemistry – Biotechnology / up to 40.000,00 € / until 31/08/2025

Task of Employment

Stock and ecosystem assessment under the WP5 (Ecosystem Assessment and Its Components) work package. Assessment of the economic viability indicator of fisheries in the context of the WP7 work package (Assessment of social expectations and economic values).

Required Qualifications

- Undergraduate Degree in the Science of Biology or Biochemistry - Biotechnology
- Excellent knowledge of English (C2)

Additional Qualifications

- Proven knowledge of the R package
Note: The knowledge is documented by a relevant certificate or by a relevant thesis/dissertation/doctoral dissertation or by relevant courses of the course (transcript of the course and if the title of the course does not directly show the correlation, the transcript should be accompanied by the description of the course in the Study Guide) or by attendance of relevant courses (institution certificate and /or contract).
- Publications in international scientific journals in the field of fisheries biology and management
- Announcements in scientific conferences in the field of fisheries biology and management.

Qualifications Assessment

	ΠΡΟΣΩΝ - ΚΡΙΤΗΡΙΟ	ΜΟΝΑΔΕΣ ΒΑΘΜΟΛΟΓΗΣΗΣ (Ερευνητικό Προσωπικό)
1	Bachelor's degree grade	Grade * 40
2	Proven knowledge of the R package	50
3	Publications in scientific journals (per publication) and up to 6 publications	40 (per publication)
4	Announcements at scientific conferences (per announcement) and up to 6 announcements	15 (per announcement)

All the qualifications listed above are in relevance with the project requirements and objectives.

Required Documents:

1. Submission of Proposal - Statement (see appendix)
2. Detailed Curriculum Vitae
3. Copies of the Degrees (Note: In case the specialization / direction do not result from the Degree, the Detailed Score should be attached. In cases where the degree is a grading criterion and is not indicated in the copy of the degree then the detailed score is submitted additionally)
4. Copies of certificates, as well as any other document that will certify the information mentioned in the CV and which are related to the Required or Additional qualifications-criteria of this call for expression of interest.
5. Copy of certificate of military stats or discharge papers / Copy of deferral of enlistment (for male candidates)

Male candidates must have fulfilled their military obligations or have been legally discharged from them or have been deferred for the entire duration of the project. In case the time for which a deferral of enlistment has been received does not cover in its entirety the duration of the project, ELKE AUTH is obliged to terminate the respective contract at the expiration time of the above deferral. Both the contractor of the Special Account and the Academic Head Officer of the project are obliged to immediately inform ELKE AUTH one (1) month before the end of the deferral.

Proposals and required documents should be submitted either via e-mail to marefichlab@bio.auth.gr or in person or by post to the following address: Laboratory of Ichthyology, School of Biology, 5th floor, Aristotle University of Thessaloniki, (attention to: Athanassios Tsikliras) 54124, Thessaloniki, Greece, within hours 9:00 – 12:00 no later than 12/09/2022, 12:00. Proposals will be attributed a reference number from the Secretariat of the Department of the Academic Head of the project.

This Call will be published on the website of the AUTH Research Committee (ELKE AUTH) <https://rc.auth.gr/proskliseis-gia-apasholisi-se-erga> and on the website of Diavgeia.

For more information and questions regarding the position, candidates may refer to **00302310-998391**. For information on the proposal submission process candidates may contact ELKE AUTH at **00302310-994022, 994009, 994082, 994026**.

Submitted proposals will be evaluated by a three-member Evaluation Committee based on the requirements/provisions of the call.

The candidate who wishes to submit an objection to the result (Decision for Approval of Results) is entitled to recourse either via e-mail to prosk@rc.auth.gr or in person or by post to the Special Account of Research Authorities of the Aristotle University of Thessaloniki (Research Committee AUTH, 1st floor, Office 101 - 3rd September Str., University Campus 546 36, Thessaloniki, Greece) within five (5) working days from the day following the posting of the Decision for Approval of Results on the website of ELKE AUTH and Diavgeia. The candidate has the obligation to be informed about the posting of the results from the website of ELKE <https://rc.auth.gr/proskliseis-gia-apasholisi-se-erga> in the online posting of this call for expression of interest in Diavgeia. Candidates are entitled to access the data of the individual proposal file and the assessment and evaluation papers of their own and of their other co-candidates, upon written request within five (5) working days of the day following announcement of the results on the website of Diavgeia and under the conditions of articles 5 of Law 2690/1999, 42 of Law 4624 / 2019 and 6 par. 1 lit. f of the GCC (EU 2016/679).

ELKE AUTH takes all appropriate measures for the protection of personal data during the evaluation process and it is strongly recommended that you read about the data protection policy and your rights on the AUTH website <https://www.auth.gr/gdpr>.

EVALUATION PROCEDURE – OTHER CONDITIONS

1. From all the proposals submitted according to the above specifications, the one that best meets the project's requirements will be selected and awarded a work contract on the basis of contractual freedom.
2. Only proposals / objections that will be received by the set date and time will be considered. In the case of postal submission, the deadline is judged on the basis of the date mentioned in the shipping file, provided that it will be received by ELKE AUTH no later than the announcement of the results. ELKE AUTH bears no responsibility for the content of the candidacy files that will be sent.
3. Changes to the proposals (replacements, corrections or submission of additional documents) are not allowed after the expiration of the deadline.
4. Any diplomas of higher education (undergraduate, postgraduate and doctoral) which are included in the Required or Additional Qualification and have been awarded by institutions abroad, must be accompanied by certificates of recognition by the Hellenic National Academic Recognition and Information Center (Hellenic NARIC). In case the diplomas mentioned above have not been recognized during the submission of the proposal, the relevant application for recognition by NARIC can be submitted. It is pointed out, however, that a contract cannot be concluded without the submission of the recognition of the academic titles by NARIC. In any case, ELKE AUTH reserves the right and discretion, depending on the needs of each research project and especially the time of its implementation, to finally contract with the next candidate that holds such certificates. In addition, when the call for expression of interest stipulates a grading/points scale of the degree, it is required to submit a certificate of the equivalent degree grade issued by NARIC. In the case that, all certificates for the recognition of a degree are provided but the certificate of the equivalent degree grade by NARIC is not submitted, the candidate's proposal will be accepted but no points for the degree will be awarded.
5. In case the diplomas of higher education have been awarded by institutions in Greece and the call requires a grading /points scale of the degree, it is required that the grade is indicated in the presented degree. If the grade is not indicated in the degree, then the detailed course score is presented. In case the degree does not indicate the grade and a detailed course score has not been submitted, the proposal of the interested person is not rejected, but the specific required qualification is not graded.
6. It is pointed out that the procedure for submitting proposals for the conclusion of a project lease contract is not competitive, while the selection of a contractor has the character of accepting the proposal and not "recruitment". The evaluation process will be completed by compiling a ranking list and / or a list of excluded, while those selected will be notified individually. In case of a tie, the proposal of the interested person is selected in order a) with the longest experience, b) with the highest bachelor's degree mark, c) with the highest master's degree mark.
7. The proposal that is first in the ranking table and has the highest score in all the scoring criteria will be the one that will be selected. In case of obstruction of the person who submitted it, the next proposal is selected until the ranking order is exhausted.
8. Any submitted proposal that does not meet the criteria of the call of the expression of interest will not be examined any further and will be automatically rejected.
9. Throughout the duration of the project, it is possible that the selected candidate(s) may be replaced, if necessary, by other candidate(s) of the present call and in accordance with the ranking list.
10. The contract may be extended without restriction, following a decision of the competent body of ELKE AUTH and if the required budget of the project allows it, without a new invitation, until the end date of the project (and in case of extension of the project until its new end date).
11. ELKE AUTH does not undertake any commitment to conclude a contract, as it is left to its full discretion to conclude or not contracts, as well as their number, excluding any claim of the interested parties.
12. The project assignment will take place in accordance with the provisions of the Program Implementation Guide.
13. The knowledge of foreign languages is demonstrated in accordance with the provisions of article 28 of the P.D. 50/2001 "Determining the qualifications for appointment to positions of public sector bodies (Qualifications)" (A' 39), as it applies until repealed with the entry into force of the new P.D. for the Qualification List of the staff of the State bodies, in accordance with article 52 par. 4 para. c' of Law 4830/2021 (A' 169). As regards language qualifications, photocopies of their originals must be submitted, accompanied by photocopies of their official translation into the Greek language, with the exception of language qualifications in English, French, German, Italian and Spanish, which, if they meet the conditions of the article 28 of the P.D. 50/2001, are accepted without requiring their translation.
14. For candidates, computer skills shall be certified according to the Article 27 par.6 of Presidential Decree 50/2001" Defining qualifications for the appointments of posts in the public sector" (Government Gazette 39/5.3.2001/Issue A', 24/30.01.2013 /Issue A' and 63/9.3.2005/Issue A').
15. Foreign documents must be accompanied by photocopies of their official translation into the Greek language except for English, French, German, Italian and Spanish language certificates.
16. It should be noted that the project assignment to candidates employed in the Public Sector, in Public and Private Bodies, etc. is subject to the provisions of paragraph 14 of Article 12 of YAKED 110427/EYTHY1020/01.11.2016

The President of the Research Committee

Efstratios A. Stylianidis
Vice Rector Research and Lifelong Learning AUTH

SUBMISSION OF PROPOSAL - STATEMENT*
(with consequences of law on false/inaccurate statement)
