CALL FOR EXPRESSION OF INTEREST

(For submission of proposals for the conclusion of a project lease contract)

The Research Committee (Special Account for Research Funds) of Aristotle University of Thessaloniki (ELKE AUTH), in the framework of the project "RIS Hub Greece 2022" funded by the European Commission in the framework of the European Institute of Innovation & Technology - Regional Innovation Scheme (RIS) HUBs, with Academic Head Prof. Ioannis Politis, Assistant Professor in the Department of Civil Engineering AUTH, invites candidates to submit proposals for two (2) positions as described below, through the award of a project contract, starting from the signing of the contract until 31/12/2022 and with a total anticipated remuneration 5.200,00 € (VAT and taxes included).

The contracts can be extended in case of extension of the project, until the new end date and within the approved limits of its budget.

Project Description

The European Institute of Innovation and Technology (EIT) Urban Mobility (UM) RIS Hub Greece will ensure the active participation of local stakeholders of the knowledge triangle, as well as connect and provide expertise to the relevant national, regional and local authorities. RIS Hub Greece will also help to identify potential funding opportunities and projects for KT Integration and provide advice on the development and implementation of a project/initiative/program. RIS Hub Greece already acts as the "interaction point" between EIT Urban Mobility and the dynamically evolving existing innovation ecosystem in the country. It is a reference point for all those

innovation organizations seeking to expand their activities, skills and capabilities and collaborate with leading organizations in the field of mobility. By opening to new local KT stakeholders, local policy makers, the increased but unused innovation potential in Greece will be enhanced and will lead to the development of innovative city-driven mobility solutions.

The activities of EIT Urban Mobility RIS Hub Greece aim at bridging the gap between Urban Mobility (UM) stakeholders and at ensuring their participation in the Knowledge and Innovation Community (KIC) Urban Mobility (EIT UM). All activities for 2022 will strengthen the interaction between EIT UM and the local ecosystem and facilitate the development of knowledge infrastructure and capacity in UM-related systems. This year, the activities of the EIT UM RIS Hub Greece will focus on the academia and business sector. The Hub will provide opportunities for students to participate in EIT UM education and training activities, by regularly updating them and supporting their participation in EIT UM Academy initiatives. By attracting students, RIS Hub wants to raise awareness and guide them to adopt greener and safer mobility solutions to create more sustainable spaces. For RIS Hub Greece, the support of local media is a major priority to enhance their competitiveness. Thus, the Hub will guide them in exploiting opportunities offered by EIT UM. Start-ups are also of particular importance to the Hub and although there is not such a critical mass of start-ups at UM in Greece, the Hub will organize specific mentoring activities to help start-ups develop their business activities. The Hub is already collaborating with other RIS Hubs in Greece and is looking for opportunities to co-organize activities that will enhance the visibility of EIT UM to citizens and mobility stakeholders. RIS Hub Greece will take advantage of its close relationship with the Smart Mobility & Logistics Solutions Cluster to transfer knowledge and raise awareness about EIT UM.

1 Graduated Engineer, Transport Engineer MSc, PhD Candidate / up to 2.600,00€ / until 31-12-2022 **Project Description (A)**

- Participation in the promotion and implementation activities related to the education and support of the local ecosystem as well as their update and involvement in EIT UM.
- Participation in the organization, promotion and implementation of actions aimed at improving the visibility of the EIT UM.
- Participation in activities supporting the development of innovative business ideas and mentoring of local start-ups in UM
- Participation in the organization and implementation of educational activity aimed at educating students and the public on aspects of UM

Specifically, the Work Packages (WP) in the framework of which the project description will be implemented, according to the Project's Activity Plan, are:

- WP0: Mandatory Activities
- WP1: Events
- WP2: Supporting Innovation
- WP4: Supporting Education

For the implementation of the abovementioned, a strong collaboration among the members of the project's scientific team, under the supervision of the Academic Head, will be established.

REQUIRED QUALIFICATION-CRITERIA

- Diploma of University Education of Engineering
- Postgraduate education title of University Education with specialization in Transport Planning, Transport Management or Traffic Engineering
- PhD candidate specializing in integrated urban and transport planning (The qualification is proven with a certificate of institution)
- Adequate knowledge of English (B2)

ADDITIONAL QUALIFICATIONS

- Experience from participation in research projects related to Transport Planning.
- Publications in scientific journals on Sustainable Urban Mobility issues
- Announcements in scientific conferences on Sustainable Urban Mobility Issues

	Qualifications-criteria	Credits (Researchers)
1	Bachelor's degree mark	Mark * 40
2	Experience (per month) - 84 months max	7 (per month)
3	Publications in scientific journals (per publication) – 6 max	40 (per publication)
4	Announcements in scientific conferences (per announcement) – 6 max	15 (per announcement)

The counting of grading points is made for those qualifications, which refer to the required or additional qualifications-criteria of the invitation and are in objective relevance to the requirements of the project.

1 Graduated Civil Engineer, PhD Candidate/ up to 2.600,00€ / until 31-12-2022

Project Description (B)

- Participation in the promotion and implementation activities related to the education and support of the local ecosystem as well as their update and involvement in EIT UM.
- Participation in the implementation of actions aimed at improving the visibility of the EIT UM.
- Participation in activities supporting the development of innovative business ideas and mentoring of local start-ups in UM
- Participation in the implementation of educational activity aimed at educating students and the public on aspects of UM

Specifically, the Work Packages (WP) in the framework of which the project description will be implemented, according to the Project's Activity Plan, are:

- WP0: Mandatory Activities
- WP1: Events
- WP2: Supporting Innovation
- WP4: Supporting Education

For the implementation of the abovementioned, a strong collaboration among the members of the project's scientific team, under the supervision of the Academic Head, will be established.

REQUIRED QUALIFICATIONS-CRITERIA

All candidates should have the following qualifications:

- Diploma of University Education of Civil Engineering
- PhD candidate specializing in the development of mathematical models in the field of sustainable transport (The qualification is proven with a certificate of institution)
- Adequate knowledge of English (B2)

ADDITIONAL QUALIFICATIONS

- Proven knowledge in microscopic traffic simulation mathematical models
- Proven knowledge in Python programming language

Note: The knowledge is documented with a relevant certificate or with a relevant bachelor's / master's dissertation / doctoral thesis or with relevant courses of the study cycle (detailed grade and if the correlation does not immediately result from the title of the course, the detailed course score must be accompanied by description of the course in the Study Guide) or with teaching of relevant courses (certificate of institution and / or contract).

QUALIFICATIONS ASSESSMENT

	QUALIFICATION-CRITERIA	CREDITS (Researchers)
1	Bachelor's degree mark	Mark * 40
2	Proven knowledge in microscopic traffic simulation mathematical models	10
3	Proven knowledge in Python programming language	10

The counting of grading points is made for those qualifications, which refer to the required or additional qualifications-criteria of the invitation and are in objective relevance to the requirements of the project.

Required Documents:

1. Submission of Proposal - Statement (see appendix)
2. Detailed table data for the proof of experience, if needed (see appendix)
3. Detailed Curriculum Vitae
4. Copies of the Degrees (Note: In case the specialization / direction do not result from the Degree, the Detailed Score should be attached. In cases where the degree is a grading criterion and is not indicated in the copy of the degree then the detailed score is submitted additionally)
5. Copies of certificates and certifications of previous service, as well as any other document that will certify the information mentioned in the CV and which are related to the Required or Additional qualifications-criteria of this call for expression of interest.
6. Copy of certificate of military stats or discharge papers / Copy of deferral of enlistment (for male candidates)

*** Proof of Professional Experience:**

A. For professional experience in the private sector

Certificate from the relevant insurance company is required. If the certification of the insurance company does not show the specialized experience, it is required to present a contract or service voucher that covers the duration of the specialized experience.

B. For professional experience in the public sector

Certificate of the employer and / or contract with the employer, proving the period and the object of employment is required.

**** Proof of Research Experience:**

Research or participation in research centers or programs can be counted as experience time provided that the proposal includes: certificate of the employer proving the period of employment, the subject of employment, the title and the Academic Head for each research program or project. If the object of the project does not result from the above then a relevant certification from the Academic Head is required for each research program, in which the object of the research will be mentioned.

All the above concerning the experience apply if the candidates during their participation held the required basic qualification or the required professional license or other professional license or certificate.

Male candidates must have fulfilled their military obligations or have been legally discharged from them or have been deferred for the entire duration of the project. In case the time for which a deferral of enlistment has been received does not cover in its entirety the duration of the project, ELKE AUTH is obliged to terminate the respective contract at the expiration time of the above deferral. Both the contractor of the Special Account and the Academic Head Officer of the project are obliged to immediately inform ELKE AUTH one (1) month before the end of the deferral.

Proposals and required documents should be submitted either via e-mail to pol@civil.auth.gr or in person or by post to the following address Transport Engineering Laboratory, Division of Transport and Project Management, Department of Civil Engineering, Central Building of School of Engineering, 6th floor within hours 12.00-14.00 no later than 10/10/2022 at 14:00 (*the minimum deadline for submission of proposals is fifteen / 15 calendar days from the day after the publication of the call for expression of interest*). **Proposals will be attributed a reference number from the Secretariat of the Department of the Academic Head of the project.**

This Invitation will be published on the website of ELKE AUTH <https://rc.auth.gr/proskliseis-gia-apasholisi-se-erga> and on the website of "Diavgeia".

For more information and questions regarding the position, candidates may call at **00302310-995826**. For information on the proposal submission process candidates may contact ELKE AUTH at **00302310-994052 or 00302310-994022 or 00302310-994009 or 00302310-994082**.

Submitted proposals will be evaluated by a three-member Evaluation Committee based on the requirements/provisions of the call.

The candidate who wishes to submit an objection to the result (Decision for Approval of Results) is entitled to recourse either via e-mail to prosk@rc.auth.gr or in person or by post to the Special Account of Research Authorities of the Aristotle University of Thessaloniki (Research Committee AUTH, 1st floor, Office 101 - 3rd September Str., University Campus 546 36, Thessaloniki, Greece) within five (5) working days from the day following the posting of the Decision for Approval of Results on the website of ELKE AUTH and Diavgeia. The candidate has the obligation to be informed about the posting of the results from the website of ELKE <https://rc.auth.gr/proskliseis-gia-apasholisi-se-erga> in the online posting of this call for expression of interest in Diavgeia. Candidates are entitled to access the data of the individual proposal file and the assessment and evaluation papers of their own and of their other co-candidates, upon written request within five (5) working days of the day following announcement of the results on the website of Diavgeia and under the conditions of articles 5 of Law 2690/1999, 42 of Law 4624 / 2019 and 6 par. 1 lit. f of the GCC (EU 2016/679).

ELKE AUTH takes all appropriate measures for the protection of personal data during the evaluation process and it is strongly recommended that you read about the data protection policy and your rights on the AUTH website <https://www.auth.gr/gdpr>.

EVALUATION PROCEDURE – OTHER CONDITIONS

1. From all the proposals submitted according to the above specifications, the one that best meets the project's requirements will be selected and awarded a work contract on the basis of contractual freedom.
2. Only proposals / objections that will be received by the set date and time will be considered. In the case of postal submission, the deadline is judged on the basis of the date mentioned in the shipping file, provided that it will be received by ELKE AUTH no later than the announcement of the results. ELKE AUTH bears no responsibility for the content of the candidacy files that will be sent.
3. Changes to the proposals (replacements, corrections or submission of additional documents) are not allowed after the expiration of the deadline.
4. Any diplomas of higher education (undergraduate, postgraduate and doctoral) which are included in the Required or Additional Qualification and have been awarded by institutions abroad, must be accompanied by certificates of recognition by the Hellenic National Academic Recognition and Information Center (Hellenic NARIC). In case the diplomas mentioned above have not been recognized during the submission of the proposal, the relevant application for recognition by NARIC can be submitted. It is pointed out, however, that a contract cannot be concluded without the submission of the recognition of the academic titles by NARIC. In any case, ELKE AUTH reserves the right and discretion, depending on the needs of each research project and especially the time of its implementation, to finally contract with the next candidate that holds such certificates. In addition, when the call for expression of interest stipulates a grading/points scale of the degree, it is required to submit a certificate of the equivalent degree grade issued by NARIC. In the case that, all certificates for the recognition of a degree are provided but the certificate of the equivalent degree grade by NARIC is not submitted, the candidate's proposal will be accepted but no points for the degree will be awarded.
5. In case the diplomas of higher education have been awarded by institutions in Greece and the call requires a grading /points scale of the degree, it is required that the grade is indicated in the presented degree. If the grade is not indicated in the degree, then the detailed course score is presented. In case the degree does not indicate the grade and a detailed course score has not been submitted, the proposal of the interested person is not rejected, but the specific required qualification is not graded.
6. It is pointed out that the procedure for submitting proposals for the conclusion of a project lease contract is not competitive, while the selection of a contractor has the character of accepting the proposal and not "recruitment". The evaluation process will be completed by compiling a ranking list and / or a list of excluded, while those selected will be notified individually. In case of a tie, the proposal of the interested person is selected in order a) with the longest experience, b) with the highest bachelor's degree mark, c) with the highest master's degree mark.
7. The proposal that is first in the ranking table and has the highest score in all the scoring criteria will be the one that will be selected. In case of obstruction of the person who submitted it, the next proposal is selected until the ranking order is exhausted.
8. Any submitted proposal that does not meet the criteria of the call of the expression of interest will not be examined any further and will be automatically rejected.
9. Throughout the duration of the project, it is possible that the selected candidate(s) may be replaced, if necessary, by other candidate(s) of the present call and in accordance with the ranking list.
10. The contract may be extended without restriction, following a decision of the competent body of ELKE AUTH and if the required budget of the project allows it, without a new invitation, until the end date of the project (and in case of extension of the project until its new end date).
11. ELKE AUTH does not undertake any commitment to conclude a contract, as it is left to its full discretion to conclude or not contracts, as well as their number, excluding any claim of the interested parties.
12. The project assignment will take place in accordance with the provisions of the Program Implementation Guide.
13. The knowledge of foreign languages is demonstrated in accordance with the provisions of article 28 of the P.D. 50/2001 "Determining the qualifications for appointment to positions of public sector bodies (Qualifications)" (A' 39), as it applies until repealed with the entry into force of the new P.D. for the Qualification List of the staff of the State bodies, in accordance with article 52 par. 4 para. c' of Law 4830/2021 (A' 169). As regards language qualifications, photocopies of their originals must be submitted, accompanied by photocopies of their official translation into the Greek language, with the exception of language qualifications in English, French, German, Italian and Spanish, which, if they meet the conditions of the article 28 of the P.D. 50/2001, are accepted without requiring their translation.
14. For candidates, computer skills shall be certified according to the Article 27 par.6 of Presidential Decree 50/2001" Defining qualifications for the appointments of posts in the public sector" (Government Gazette 39/5.3.2001/Issue A', 24/30.01.2013 /Issue A' and 63/9.3.2005/Issue A').
15. Foreign documents must be accompanied by photocopies of their official translation into the Greek language except for English, French, German, Italian and Spanish language certificates.
16. It should be noted that the project assignment to candidates employed in the Public Sector, in Public and Private Bodies, etc. is subject to the provisions of paragraph 14 of Article 12 of YAKED 110427/EYTHY1020/01.11.2016

The President of the Research Committee

Efstratios A. Stylianidis
Vice Rector Research and Lifelong Learning AUTH

SUBMISSION OF PROPOSAL - STATEMENT*
(with consequences of law on false/inaccurate statement)

Mobile phone: E-mail: VAT number:

Please note in this proposal - statement and outside of the postal file the following

(To be completed by the candidate):

1. The protocol number of this call

2. The code of project object you would like to participate (A,B,C etc)

I affirm that the information given in
this proposal - statement is accurate and true

SIGNATURE

Date : ___/___/_____

Find attached : 1.
2.

**Incomplete filling of the proposal – statement constitutes a criterion for exclusion*

DETAILED TABLE DATA FOR PROOF OF EXPERIENCE

(The person concerned records all relevant experience to the subject of the call **if required**)

a/ a	From	To	(a)	(b)	Institution of Employment - Employer	Employer Category ⁽¹⁾	Task of Employment
			Months of Employment	Days of Employment			

TOTAL **GENERAL TOTAL MONTHS OF EXPERIENCE** ⁽²⁾

(1) Complete as appropriate with 'PR' or 'PU' depending on the category of the Employment Office, where PR: Private sector, individuals or private legal entities (corporations, etc.) • PU: Public sector, government agencies or public entities or local authorities of first and second degree or private entities in the public sector of par. 1 of Art. 14 of Law. 2190/1994 as in force or bodies of par. 3 of Art. 1 of Law. 2527/1997. In the case of self-employed, complete with the indication "SE".

(2) Complete the GENERAL TOTAL MONTHS OF EXPERIENCE. When, in Column (b) shows experience, the total days of employment divided by 25 (if the experience has been calculated as the number of wages) or by 30 (if the experience has been calculated as the period from the start day until the expiration date of employment) and the resulting integer is added to the total months of employment of the column (a).
